## Experience

### Unity Development

---

*Self-Taught (9 months) February 2019 - Present*

- Self-instructed Game Development using Unity
- Created 4 games to develop fluency in C#

### Web Developer

---

*DentalCMO (4+ years) - Provo, UT (Remote since Sep. 2019) January 2015 - Present*

- Develop and update websites for dental offices to increase revenue, client base, and usability
- Communicate directly with designers and client success managers to implement designs according to client needs
- Configure websites to be fully responsive for mobile devices
- Create custom SVG animations based on client's logos and major design elements
- Created resources and tools for use on client's websites to increase development speed within the company
  - Built a WordPress theme from scratch that allows employees to add custom functionality, resulting in increased productivity and reducing future development issues
  - Created a WordPress plugin that manages .less files when developing and dynamically creates and saves .css files to the server to not impact the user's experience
  - Created a .js plugin to implement a smooth parallax effect when scrolling

### UI/UX Design Intern

---

*OpenBook (6 months) - Idaho Falls, ID July 2014 - December 2014*

- Designed and built pages for travel agency customers to allow for direct online bookings
- Branded our booking tools to be used by major websites, such as the Washington Times
- Created fully functional widgets and pages for company and customer use

### Main Web Developer

---

*BYU-I Housing & Student Living Office (1+ years)- Rexburg, ID December 2012 - July 2014*

- Led a team of jr. developers in the creation of several new page designs for the official university website
- Created a custom dynamic video player to feature the department's original media
- Changed the department website from an image based site to a code based site
- Created a new design and layout of the company site for better visual appeal and user interaction
- Collaborated with the department's film team to create a video showcasing the university's standards

# Volunteer Experience

## **Director, Coordinator, & Council Member**

---

*BYU-I Student Support (2+ years)- Rexburg, ID September 2012 - December 2014*

- Directed a group of 200 current students to aid 5,000 incoming students in preparing to start college.
- Lead the creation of new student orientation events for 7,000 incoming students.

## **Unaccompanied Refugee Youth Mentor**

---

*Catholic Community Services (3+ years) - Salt Lake City, UT January 2016 - January 2019*

- Assessed and met emotional, social, and academic needs of 4 unaccompanied child refugees from the Democratic Republic of the Congo and Afghanistan through weekly tutoring and mentoring sessions
